Education - Fisheries - Schools - Employment of additional teachers in certain schools - sanctioned.

From the D.I.& C. No.7356-FC/44 dated 17-10-44

ORDER NO. MS. 5004 DATED 23.11.44

Sanction is accorded to the employment temporarily of 3 additional teachers in the following schools for a period of one year from the date of appointment:

Ajanur .. One secondary grade teacher on Rs.30-3/2-45-2/2-55.

Malpe .. One Higher Elementary grade Teacher on 23-2/2-45.

Bekal. .. -do- -do-

2. The Headmaster of the School at Ajanur will be granted an increase of Re.1/- in his special pay with effect from the date of appointment of the additional teacher in the school.

3. The average attendance in standards IV and V of the Fisheries school at Addkathbail is only 34. These two standards can therefore be combined and placed under one teacher. The Govt. do not therefore consider it necessary to sanction an additional teacher for this school. They sanction the conversion of one of the existing posts of Higher Elementary Grade teachers into that of a Secondary Grade Teacher on Rs.30-3/2-45-2/2-55.

4. The Govt. also consider that an additional teacher for the ~~Yermal~~ Yermal school is ~~also~~ not necessary, as the average attendance in that school shows that standards III and IV and Standards II and V ~~may~~ can be combined and each placed under a teacher.

5. The expenditure should be met from the provision in the current year's budget under "43.d. Fisheries - E + Fisheries-Schools - Pay of Establishment and allowances.

Subject.- Education - Fisheries Schools - Employment of staf

From the Director of Ind. & Comm. No.7356-FC44 d/17.10.44.

To A.S.

In his letter in the current file, the D.I & C. has suggested that the following staff may be sanctioned for th schools mentioned against them.-

(1)	One Secondary Grade Teacher on Rs.30-3/2-45-2/2-55.	Adakathbail Fisheries School.
(2)	do	Ajanur Fisheries School.
(3)	One Higher Elementary Grade Teacher on Rs. Rs.23-2/2-45.	Malpe Fisheries School.
(4)	do.	Yermal ,,
(5)	do	Bekal ,,

His suggestions are noted on below.

Item (1) above.- The reason given by the D.I & C. in support of this suggestion is at 'A' on page 1 c.f. Ordinarily there should be one teacher for every 35 pupils in average attendance. The average attendance in standards IV and V together is only 34. These two standards can therefore be combined and placed under one teacher. In that case there will be no need to employ an additional teacher in this school. In view of the reason given at 'E' on page 2 c.f. one of the existing posts of Higher Elementary Grade Teachers in the school may be converted into that of a Secondary Grade Teacher. For order

Items (2), (3), (4) & (5).- For the reasons explained by the Director on pages 1-2 c.f. this Department may support the Director's suggestions referred to in these items subject to the remark that the employment of the additional staff should be for a period of one year in the first
